DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Giguere (USP 5,250,313). Giguere discloses the entire claimed process for processing kernels of grain in Figure 5. Moreover, Applicant admits the process is old and well known as illustrated in Figure 2 (labeled Prior Art) in the instant application.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art listed on the attached PTO 892 are cited to show relevant grain processing and mobile grain processing methods and apparatus.
